First things first, let's get you here!

Caylabne Bay Resort & Marina (CBRM) is an easy drive and a relaxing boat ride from Metro Manila and CALABARZON. From Manila, it's just under 2 hours by land and only 1 hour 15 minutes by boat at 20 knots. And if you are up for a bike or big bike adventure, it's a scenic 72km ride from Rizal Park to Caylabne. While just 18 minutes by chopper from NAIA and Sangley Airport.

Reopened 2022

Located in the coastal town of Ternate, Cavite, our property reopened its doors and *waters* as a new leisure marina. The marina market is a perfect fit for Caylabne, formerly known as Marbella Marina in the 80s.

With room accommodations now available, it's a great location for family and friends to enjoy a weekend or weekday getaway. Also ideal for small corporate groups looking for exclusivity for a productive event while being well rested within nature. Take your pick from our 2 restaurants for your dining experience. Being so close to Metro Manila, makes a Caylabne day trip with some swimming, fishing or birdwatching all very possible.

Who doesn't enjoy reading inspiring and heart-touching love stories? After all, we're all human with an emotional side that aspires to love and be loved. Love stories are easy to find in books and movies, but in this maiden issue of The Caylabne Connection, we proudly share a real life Caylabne love connection of **Marco and Sheena Consing**.

Caylabne – the place where our love story found its sanctuary

It all began in 2019, the year Marco, my boyfriend that time, discovered his passion for fishing. While searching for the perfect spot, we stumbled upon a hidden paradise called Caylabne. It was love at first sight—not just with each other but with the place itself. From that first visit, we couldn't get enough, and soon, weekends meant one thing: heading back to our newfound haven.

Even when the pandemic hit, Caylabne remained our escape. Its secluded charm, far from the main road and away from the crowd, made it the safest retreat we could ask for. In fact, just before the lockdown, we were the last visitors to stay there, holding onto that peace for as long as we could.

After the lockdown was lifted, our bond with Caylabne only grew stronger. It became more than a getaway — it became our safe haven.

In 2023, captivated by the memories and the breathtaking views, we chose it as the perfect location for our pre-nup shoot.

The results were nothing short of magical—every photo radiated the beauty of the place and the love we shared. **Now, we're married!**

As time went on, we started sharing Caylabne with the people closest to us—friends, family, and coworkers. Marco introduced them to the joys of fishing, and just like us, they fell in love with this hidden gem.

Caylabne has woven itself into the fabric of our lives, a place where our love story continues to grow.

Written by Mrs. Sheena Consing

A couple in wedding attire sitting on a pier with a sailboat in the background. The woman is wearing a white wedding dress with a long train, and the man is wearing a grey suit. They are both smiling and looking at each other. The background shows a body of water, a sailboat, and a forested hillside under a blue sky with light clouds.

"We know Caylabne will always hold a special place in our hearts, and we can't wait to bring our future kids here to create new memories and keep the tradition alive."

Valentine's Day isn't always about fancy dinners and crowded restaurants Come on board your love boat

If you're wondering how to spend Valentine's Day this year, we'll share some unique date ideas. From a romantic date with your partner to a budget-friendly activity with family and friends, Caylabne has plenty to offer.

A day in the beach is always a great idea. Paddle together on a tandem kayak through our mangrove river and then cool down by the pool.

Or book our 1-bedroom unit at Las Casas with your family or friends and do everything together! Like feast on our breakfast platter together, enjoy a grill night together and even do some fishing together.

But if romance is the plan, then The Dome Hotel is the ideal way to celebrate. Reconnect with nature and rekindle your love. Includes a short boat ride to take you to your dinner venue. The sound of the waves and the cool night breeze will make you want to cuddle up.

“Collect memories, not things”

We strive to give the best service to our guests, homeowners and boatowners. It brings us joy when our guests recognize us in their reviews. We are far from perfect, but we will work one day at a time, as one team to be better than yesterday. *Maraming salamat po!*
